#### **Request for Fee Waiver**

The disclosure of the requested information is in the public interest because it is likely to contribute significantly to public understanding of the operations and activities of the government and is not primarily in the commercial interest of the requester.

Hundreds of news articles reflect the strong public interest in the materials sought under this request. The information requested herein is not intended to be used for commercial purposes, but for dissemination to the public and for public education. All information received shall be published and made available electronically for public access.

**Request for Expedited Review**

Full disclosure of the U.S. government's activities in regard to treatment of detainees in Iraq, Afghanistan, and Guantanamo is a matter of widespread and exceptional interest in which there exist possible questions about the government's integrity which affect public confidence. It is necessary for the public to assess the scope and nature of these activities with regard to the occupation and ongoing war in Iraq and Afghanistan as well as the ongoing detention of persons in Guantanamo Bay, Cuba.

A delay in disclosure prohibits the people of the United States from being allowed to be fully informed decisionmakers in the democratic process regarding the nature of major U.S. military operations as well as the expenditures related thereto.

**In the Event of Denial**

If this request is denied in whole or in part, please provide the basis for each such denial or deletion by reference to the specific exemption of the Act which you assert is applicable.

**Request for All Portions of Material for Which No Exemption to Production is Claimed**

Please provide all segregable portions of otherwise exempt material.

We reserve the right to appeal your decision to withhold any information or to deny a waiver of fees.

Sincerely,

Mara Verheyden-Hilliard
